

# Project Brief

— *Graphic design*

---

## Client information

---

Name of your organization.

Describe what your organization does.

Enter your contact email address. Note: I will use this email to send design files and communication in the process. Include other ways to contact you and preferences.

## About the project

---

What are we designing?

What's the purpose of the design?

Who's the target audience?

What's the desired look & feel of the design? Provide links to examples you like.

Is there anything else you would like to share?

## Project setting

---

What is your budget for this project?

Will you be providing visual identity resources? (e. g. brand guides, text copies, images)

When do you need this project finished by?

Who will be responsible for signing off each aspect of this project?

Is there anything else you would like to share?

## Other

---

What needs or goals is your current design failing to meet? Answer only if a redesign project is underway.
